Your Agency's Unfair Advantage

±25%

Higher Grant Success Rate

Agencies using ClearCase report a 25% increase in visa grant rates. The AI catches inconsistencies, fills evidence gaps, and addresses refusal reasons that manual preparation misses.

What if someone with zero knowledge of Australian migration law could produce the same outcome as a veteran agent with 20 years of experience?

That is what ClearCase does. It reads every document your client provides, in any language. It knows what the Department of Home Affairs looks for. It finds the weaknesses before DHA does. It writes the statements. It fills the portal. It packages everything. And it does all of this in minutes, not days.

ClearCase is not a template. It is not a checklist. It is an AI system that thinks like a senior migration agent, one that never sleeps, never forgets a detail, and never misses a deadline.

ClearCase does not assist your agents. It replaces the work your agents spend the most time on: reading documents, cross-checking details, writing statements, filling forms, and packaging cases. What takes your best agent half a day, ClearCase does in 15 minutes. with fewer errors.

How ClearCase Works

From raw documents to a lodgement-ready package. in 10 steps.

1. Create the Case

Enter the client name, nationality, and visa subclass. ClearCase creates the file and sets the deadlines.

2. Upload Documents

Drop everything. passports, bank statements, employment letters, property titles, refusal notices. Any language. Any format. ClearCase accepts it all.

3. Instant Document Intelligence

The moment a file lands, ClearCase reads every page with Vision AI. It identifies what the document is, extracts every name, date, and amount, translates Arabic and Chinese documents to English, and renames every file to a clean professional format. No more IMG_2847.jpg. Your case file looks like a senior agent organised it. in seconds.

4. Agent Notes

Add context only you know: why the client has thin travel history, what the real purpose of the visit is, the family dynamics. ClearCase treats your notes as the highest-priority signal. above everything else.

5. Risk Analysis

One click. ClearCase simulates how DHA will score this application. It cross-checks every document against every other document. It finds inconsistencies you would miss. It produces a risk score from 0 to 100 and tells you exactly what evidence to add. If there was a prior refusal, it dissects the decision and maps every refusal reason to the fix.

6. Personal Statement

One click generates a statement written in the applicant's own voice. not legalese. Ten sections. Every claim linked to a document. Every risk addressed. Download as PDF or Word. Upload directly to ImmiAccount. No editing needed.

7. Sponsor Statement

A separate 200-word letter from the Australian sponsor. Warm, direct, human. No overlap with the applicant's statement. Ready to upload.

8. Cover Letter

A professional cover letter in English and Arabic. Criteria table. Document index. One bilingual PDF, ready to lodge.

9. Portal Form Filler

ClearCase opens a browser, navigates to ImmiAccount, and fills every field automatically. You log in, review each page, and submit. It learns from your corrections. gets smarter every time.

10. Submission Pack

One click. A complete ZIP file: cover letter, all statements, every document. renamed and organised. Ready to upload to DHA.

Why ClearCase Changes Everything

Speed. A case that takes a senior agent 4-6 hours to prepare takes ClearCase 15 minutes. Upload documents, run analysis, generate statements, download the pack. Done.

Consistency. ClearCase never has a bad day. Every statement follows the same proven structure. Every risk flag is addressed. Every document is cited. No shortcuts, no oversights.

Grant rates. ClearCase catches what humans miss: name mismatches across documents, date inconsistencies, financial gaps, missing evidence. Cases go in stronger. More cases get granted.

Scale. One agent with ClearCase can handle the caseload of three agents without it. Your team does not grow linearly with your clients. your profit does.

Prior refusals. ClearCase reads the refusal decision, identifies exactly what was missing, and writes a statement that addresses every concern with new evidence. Refusal cases become winnable cases.

Any language. Arabic documents, Chinese bank statements, French certificates. ClearCase reads, translates, and classifies them all. Your clients bring whatever they have.

No migration law knowledge required. ClearCase knows the law. ClearCase knows the process. ClearCase knows what DHA wants to see. Your staff just needs to upload documents and click generate.

Complete Feature List

AI Engines

Brain 1. Risk Analyst: DHA triage simulation. 0-100 risk score. Source-tagged flags. Prior refusal dissection.

Brain 2. Statement Writer: 10-section personal statement. Applicant's voice. PDF + DOCX export.

Sponsor Statement: 200-word support letter from the Australian sponsor.

Document Classifier: Vision AI. Reads every page in any language. Classifies, extracts, translates.

Smart Renamer: Every file renamed: Document Type - Applicant Name.ext

Cover Letter: Bilingual English + Arabic. Criteria table. Document index.

AI Assistants

AI Consultant: 24/7 senior migration consultant. English, Arabic, French, Chinese, Hindi, Farsi.

ClearCase Assess: Eligibility chatbot. Interviews applicants. Produces a scored report.

Automation

Solo

AUD 299 /month

For independent MARA agents. Full document intelligence and risk analysis for 15 cases/month. ClearCase pays for itself with one additional grant.

You charge \$2,000+ per case. ClearCase costs you \$10/case. The math is simple.

Practice

AUD 599 /month

For established practices. Full AI analyst + writer. Statements, cover letters, submission packs. 60 cases/month covers most solo and small-team practices.

Every statement that used to take 2 hours now takes 2 minutes. Multiply by 60.

Enterprise

AUD 999/month

For firms processing volume. Form filler, skills assessment, policy intelligence, multi-user with audit trail. 150 cases/month. Built for teams of 3-10 agents scaling without scaling headcount.

One Enterprise licence replaces the output of 2-3 additional staff members.

Total Investment. What You Actually Pay

	Solo	Practice	Enterprise
Setup & Installation	AUD 500	AUD 750	AUD 1,500
Includes	Remote install + 1hr training	Remote install + 1hr training	Onsite/remote + team training
Monthly Rate	\$299/mo	\$599/mo	\$999/mo
Annual (pay 10, get 12)	\$2,990/yr	\$5,990/yr	\$9,990/yr
Annual = setup waived	—	Waived	Waived
First Year (monthly + setup)	\$4,088	\$7,938	\$13,488
First Year (annual, setup waived)	\$2,990	\$5,990	\$9,990

The ROI Question

A MARA agent charges \$2,000-5,000 per visitor visa application. ClearCase Practice costs \$599/month. about \$10 per case at 60 cases/month.

If ClearCase helps you win just one additional grant per month that you would have otherwise lost, it has paid for itself four times over. Everything after that is pure profit.

But the real ROI is not the grants you win. it is the time you get back. A case that takes 4-6 hours to prepare takes ClearCase 15 minutes. At 60 cases per month, that is 300+ hours per month your team gets back. Hours you can use to take on more clients, or to go home on time.

Launch Offers

Annual Commitment = Setup Fee Waived

Practice and Enterprise plans: commit to an annual subscription (pay 10 months, get 12) and we waive the entire setup and installation fee. Enterprise: save AUD 1,500 on setup + 2 free months = AUD 3,498 saved in year one.

90-Day ROI Guarantee

If ClearCase does not contribute to at least one additional grant in your first 90 days, we credit the difference to your account. We stand behind the product because we have seen the results.

CPD-Eligible Training

Every setup includes a 1-hour CPD-eligible training session. Your MARA CPD obligations met while learning the tool that transforms your practice.

See it in action.

Book a live demo. Bring your hardest case. a prior refusal, a high-risk nationality, a complex file. We will run it through ClearCase while you watch. No commitment. Just results.
